

Oldest bank. Newest partner.

If you're thinking of starting a business in Australia talk to Westpac, Australia's first bank.

We've been helping customers with personal and business banking for almost 200 years and over 10 million Australians bank with us today. It's this kind of experience you can trust to provide you with the financial assistance and support which you require to start up a new business. Our knowledge of the Australian market can help you achieve your business goals sooner.

Awarded Australia's Business Bank of the Year by *Money* magazine for the third year in a row, we are committed to providing our business customers with innovative service and support.

We help you establish and grow your Client's business with a range of banking options.

Everyday.

Choose from a range of transactional accounts or business savings and investment accounts with multiple access and interest rate options.

Credit Cards.

Our range of business credit cards give you finance at your fingertips for day to day expenses.

Merchant Services.

Westpac's standalone, mobile or integrated EFTPOS solutions let you accept and process credit card payments. Our facilities such as Batch Advantage and PayWay give you the flexibility to accept online/phone payments from customers.

Business Finance and Leasing.

Westpac's short/long term finance options help fund start-up plans, growth strategies or diversifying into the new markets. If you want to obtain plant, equipment and vehicles without tying up your working capital, Westpac Equipment Finance could help you.

More.

We can also provide a range of other products such as term deposits, superannuation, insurance and international trade. We also offer a range of financial education workshops that can show you better ways to generate cash and profits and help you achieve towards business success.
