

# Study hard. Bank easy.

Studying in Australia? Arrange your banking with Westpac, Australia's first bank.

**When studying in Australia, Westpac has all your banking needs covered. As Australia's first bank, we've been helping customers for almost 200 years and over 10 million Australians bank with us today. It's this kind of experience you can trust to provide you with the financial assistance and support - especially while you are getting settled in a new country.**

Our Migrant Banking specialists have years of local know-how and experience in taking the hassle out of moving to Australia for international students. From setting up everyday accounts to helping you save - we're available to help. Westpac provides easy access to your money through one of Australia's largest ATM and branch networks, plus you can make payments to any nominated account through Westpac Online Banking.

## We offer a range of options to meet your banking needs.

### Make easy, everyday transactions.

The Westpac Choice Student Account offers no monthly fee for all full-time international students, unlimited Westpac everyday transactions at branches, ATMs, EFTPOS, Online Banking, Telephone Banking and flexible account access. For greater convenience you can open this account before you arrive and also link this account with your Westpac Debit MasterCard®.

### Save and earn interest.

Linked to our Westpac Choice Student Account, Westpac eSaver is an online savings account to help you earn higher interest. It has no minimum balance requirement and your money can be accessed 24 hours a day 7 days a week<sup>^</sup>, via Westpac Online Banking and automated Telephone Banking. Also you can open this account before your arrival.

### Access your money in more places.

Westpac Debit MasterCard® allows you to make purchases overseas, online and over the phone accessing your own money. There are no card or application fees, it provides safer shopping with the Falcon™ fraud protection system on purchases, plus it is accepted at over 28 million locations and 900,000 ATMs worldwide.
